AERVOID
REG. U.S. PAT. OFF.
PORTABLE
All Stainless Steel—Vacuum Insulated (Hot or Cold) Food, Soup, Coffee, Milk and Beverage Carrier-Dispensers...

To-day's "Modern" trend toward centralization of food production is a move toward Economy, Better Quality and Higher Sanitary Standards.

The development of AerVoiDs made possible this modern concept of Mass-Feeding, which has now been successfully adopted by Institutions, Schools, Hospitals, Industrial Plants, Hotels, Caterers, Camps, Air Lines, Civil Defense and many other Governmental and Commercial feeding operations.

Engineered for sanitation and "In Compliance" with construction requirements of the U.S. Public Health Service Codes.

Special Message for Your Students

for girls who are not returning to your homemaking classes in the fall . . .

CO-ED

is available on a home-subscription basis!

Won't you tell your graduating seniors—or other students leaving home economics classes—that they can have CO-ED sent directly to their homes next school year, beginning with the first issue of the fall term?

Subscriptions will start with the next available issue—dated September 1958—and will continue through the final issue of the school year, to be published in May 1959. Cost per single subscription: $1.50 for the school year (8 issues). Payment must accompany order.

To receive CO-ED at home, each girl should send her name, home address and remittance to:

CO-ED, 33 West 42nd St., New York 36, N. Y.

Index to Co-ed and Practical Home Economics, Teacher Edition.

Volume 2——September, 1957-May, 1958

The yearly index to *Co-ed* and *Practical Home Economics, Teacher Edition of Co-ed* appears regularly in the May issue of *Practical. Practical* is also indexed in *Reader's Guide to Periodical Literature* and the *Education Index*. It is available on microfilm through through University Microfilms, Inc., Ann Arbor, Michigan.
NOTE: Letters indicate month (S-Sept.; O-Oct.; N-Nov.; D-Dec.; F-Feb.; Mr-March; A-April; My-May). There are no January, June, July, or August issues. The first letter indicates the month; the number after the dash indicates the page number. The letter C after the page number means the article appeared in *Co-ed*. The letter P after the page number means the article appeared in *Practical*.

NEW
For the Home

New Model

A swivel-top vacuum cleaner with compact low design has been announced by General Electric. Styled in pearl gray and coral, the cleaner has a freely rotating top, flexible hose, and rotating castors to permit easy cleaning all around a room. The cleaner comes equipped with extension wands, crevice tool, dusting brush, fabric nozzle, and double action rug and floor cleaning tool.

Hallite ware by Wear-Ever features gay new covers in bright turquoise color.

All Clear

Just introduced is a self-polishing floor wax that dries clear and will not yellow floors even after repeated applications. Appropriately named "Klear", the product is made by Johnson Wax Company. According to the manufacturer, the wax has a high gloss and good resistance to scuffing and water spotting. The treated floor can be damp-mopped to restore the polished look without affecting the finish. Soap or detergent and water will remove the floor finish whenever this becomes desirable.

Easy Cleaning

The new built-in wall oven by Frigidaire has an intriguing drop-leaf door that swings down all the way for easy cleaning of the oven. The door is supported on either side by cables. To clean the oven the homemaker simply releases control levers at each side to lower the door. She can then stand close to the oven and clean the interior without reaching across the door.

The single door, when opened in the conventional horizontal position, provides a strong convenient surface for even the heaviest roast. When closed the door is held tight against the oven by spring-loaded rollers.

New Color

Sparkling turquoise-colored covers of anodized aluminum are now available in the Hallite cooking utensil line made by Wear-Ever. No changes has been made in the excellent design of the pans, but the covers give consumers a choice of copper or turquoise color for their utensils. Items that carry the new cover are the tea kettle, sauce pan, Dutch oven, casseroles, and fry pan.

Product Briefs

► An egg beater with scallop-shaped blades has been announced by Ecko. The wavy blades are said to be able to mix the heaviest batters with ease.

► Newly styled clothes hampers by Pearl-Wick are wider at the top than they are at the bottom yet provide greater interior capacity. Finished in vinyl, they are available in six popular colors.

► Among the new products introduced by Pyrex is a one-quart juice server. It features a snugly fitting top, 22-karat gold decoration, and easy-to-read capacity markings. Price is 98 cents.

► First an ironing table with wheels, and now one with two sets of wheels. One set allows the table to move sideways and other permits backward and forward motion. Other features of the "Met-L-Top" table include a ventilated top and adjustable height control.

► A clear silicone-base lubricant has been packaged by Glidden Company in a push-button aerosol spray container. Greaseless, it penetrates deeply to free sticky doors, windows, etc., and to eliminate friction noises.

► Dinnerware made of a new plastic called Tryil is now on the market. Major features are exceptional resistance to breakage and food staining. The dinnerware can be washed satisfactorily in automatic dishwashers.
